Re: Schmidt Hole #2, Wilson Drain and Albion-Sheridan Sites
Administrative Record Updates

Dear Ms. Henning:

Resource Applications, Inc. is a subcontractor to PRC
Environmental Management, Inc. and has been asked to compile
Administrative Record updates on the above mentioned removal
sites.

Enclosed please find copies of the Schmidt Hole #2 and Wilson
Drain sites Administrative Record indices. The Albion-Sheridan
Administrative Record I do not have on file, it was prepared by
another party. I do know the date of the index - March of 1990.
If you have any additional materials to add to these records,
please contact me by September 13, 1991 at (312) 332-2230. The
contract for this project will be ending at the end of September.
In the event I have received no word from you by this date, I
will assume that the records are complete.

Thank you for your consideration in this matter.

Very truly yours,
